

# Combined Degrees

## Program Description

The combined degrees program enables the student with an outstanding academic record to complete both a bachelor's degree and a master's degree through an accelerated program. Upper-level undergraduate courses are integrated with initial graduate courses in the curriculum, which decreases the total requirements for both degrees by a maximum of 12 credit hours. Students who have accumulated between 64 and 98 credit hours and who have maintained a 3.3 GPA in previous college work are eligible to apply for admission to the program. The combined degrees program is offered at the St. Louis area locations and has limited availability at other campuses and online.
